additional lamps

ϕ 160

0610, 0611, HO1

*halogen H3
fog and driving lights*

grille

black or chrome plated

housing made of plastic or metal

Construction and parameters

Application

To be mounted at the front of the car or truck.

Construction

- metal reflector
- housing made of plastic or metal
- frame made of plastic or metal
- glass lens
- mounting bracket and screws (optionally made of Inox steel)
- bulb (option)

Lens colour

Halogen lights are manufactured with clear, blue or amber lens.

Additional features

In chrome-plated version, the housing is made of brass sheet and bracket parts are made of Inox steel. Mounting and adjustment system permits easy and accurate 3D aiming.

Bulbs

Fit bulbs type:
H3 12V 55W or H3 24V 70W

Parameters

The driving light reference mark, which specifies the light's maximum luminous intensity is 17.5 (it is about 85 lx within distance of 25 m).

Mounting methods

They can be installed in an upright or upside down position.

Dedicated application

A-VW Golf II - fit front grill Italian type only
