LUBL

halogen driving lights

designed for cars **Lublin 3Mi**

IP68 rated

for recess-mounting

Lublin 3Mi

Construction and parameters

Application

To be mounted in cavities in front car bumpers (especially in Lublin 3Mi model).

Construction

- metal reflector
- glass lens
- black plastic housing
- complete mounting bracket
- cable terminated with connector
- adjustment set
- bulb

Additional features

Mounting and adjustment system permits easy and accurate 3D aiming. Lamp construction enables easy bulb replacement without lamp removal from the body.

Bulbs

Fit bulb type:
H3 12V 55W

Recommendation

Do not use over 55W bulbs.

Parameters

IP68 rated.
The driving light reference mark, which specifies the light's maximum luminous intensity is 12.5 (it is about 60 lx within distance of 25 m).

Dedicated application

A-Lublin 3Mi light trucks (2005-07)
